ACT

AkzoNobel
Aerospace Coatings

WARRANTY CERTIFICATE

Issued to

Lecin Spraypainting Services

This certifies that Lecin Spraypainting Services has been granted the ability to provide a **2-Year Warranty** on applied **AkzoNobel Aerospace Coatings**. The **2-Year Warranty** is effective from the date of application.

Warranty Terms & Conditions

- The coating under warranty has been applied by a spray painter who has completed the Allied Paint Solutions Aerospace Training Program and holds a valid certificate of competence.
- The warranty assumes that the coating has been applied within the product's specified shelf life.
- This warranty excludes any failures resulting from workmanship.
- Substrates that contain previously applied coating systems are excluded from warranty – all previous coatings should be completely removed.
- The warranty excludes defects in composite material.
- Validity: This warranty grant is eligible for renewal every three (3) years, subject to continued compliance with AkzoNobel Aerospace standards and training requirements.
- Coverage applies under **general and expected operating conditions** and assumes proper use and maintenance of the coated surfaces in accordance with standard aerospace practices.

Certificate Issued: 1 November 2025 | **Valid Until:** 31 October 2028
